12. **PUBLIC RELEASE.** Any information (classified or unclassified) pertaining to this contract shall not be released for public dissemination except as provided by the Industrial Security Manual or unless it has been approved for public release by appropriate Government authority. Proposed public releases shall be submitted for approval prior to release

☐ Direct ☒ Through (Specify):

OO-ALC/PA
7981 Georgia Street
Hill AFB, UT 84056-5824

to the Directorate for Freedom of Information and Security Review, Office of the Assistant Secretary of Defense (Public Affairs) for review.
In the case of non-DoD User Agencies, requests for disclosure shall be submitted to that agency.

13. **SECURITY GUIDANCE.** The security classification guidance need for this classified effort is identified below. If any difficulty is encountered in applying this guidance or if any other contributing factor indicates a need for changes in this guidance, the contractor is authorized and encouraged to provide recommended changes; to challenge the guidance or the classification assigned to any information or material furnished or generated under this contract; and to submit any questions for interpretation of this guidance to the official identified below. Pending final decision, the information involved shall be handled and protected at the highest level of classification assigned or recommended. (Fill in as appropriate for the classified effort. Attach, or forward under separate correspondence, any documents/guidelines/extracts reference herein. Add additional pages as needed to provide complete guidance.)

The contractor must have a Facility Clearance at the SECRET level with safeguarding capability also at the SECRET level. All employees working with classified information must have a personnel security clearance at least to the level of the information being accessed.

Ref 11b. The contractor will require access to classified data up to and including SECRET in support of the work effort. Any extracts or use of such data requires the contractor to apply derivative classifications and markings consistent with the source documents. Use of "Multiple Sources" on the "classified by" line necessitates compliance with the National Industrial Security Program Operating Manual (NISPOM) and use of bibliography. If any classified information is generated in performance of the contract, it shall be derivatively classified and marked consistent with the source material and guidance in the F-16 Security Classification Guide, dated 1 July 2001. Following completion of the contract, the classified documents must be destroyed IAW the NISPOM.
